

840 RFID TAG REQUEST FORM

2008 Pilot Project

Please type or print legibly

- Under federal law, these tags can only be used in American-born cattle.
- Removal of tags is unlawful once they have been placed in an animal, because the tags are official U.S. government identification.
- Assigned tags are tied to a premise and CANNOT be transferred to another premise.
- Tags are to be placed in intact breeding cattle, preferably younger cattle. The tags are not for use in feedlot cattle.

I understand and accept the requirements listed above.
